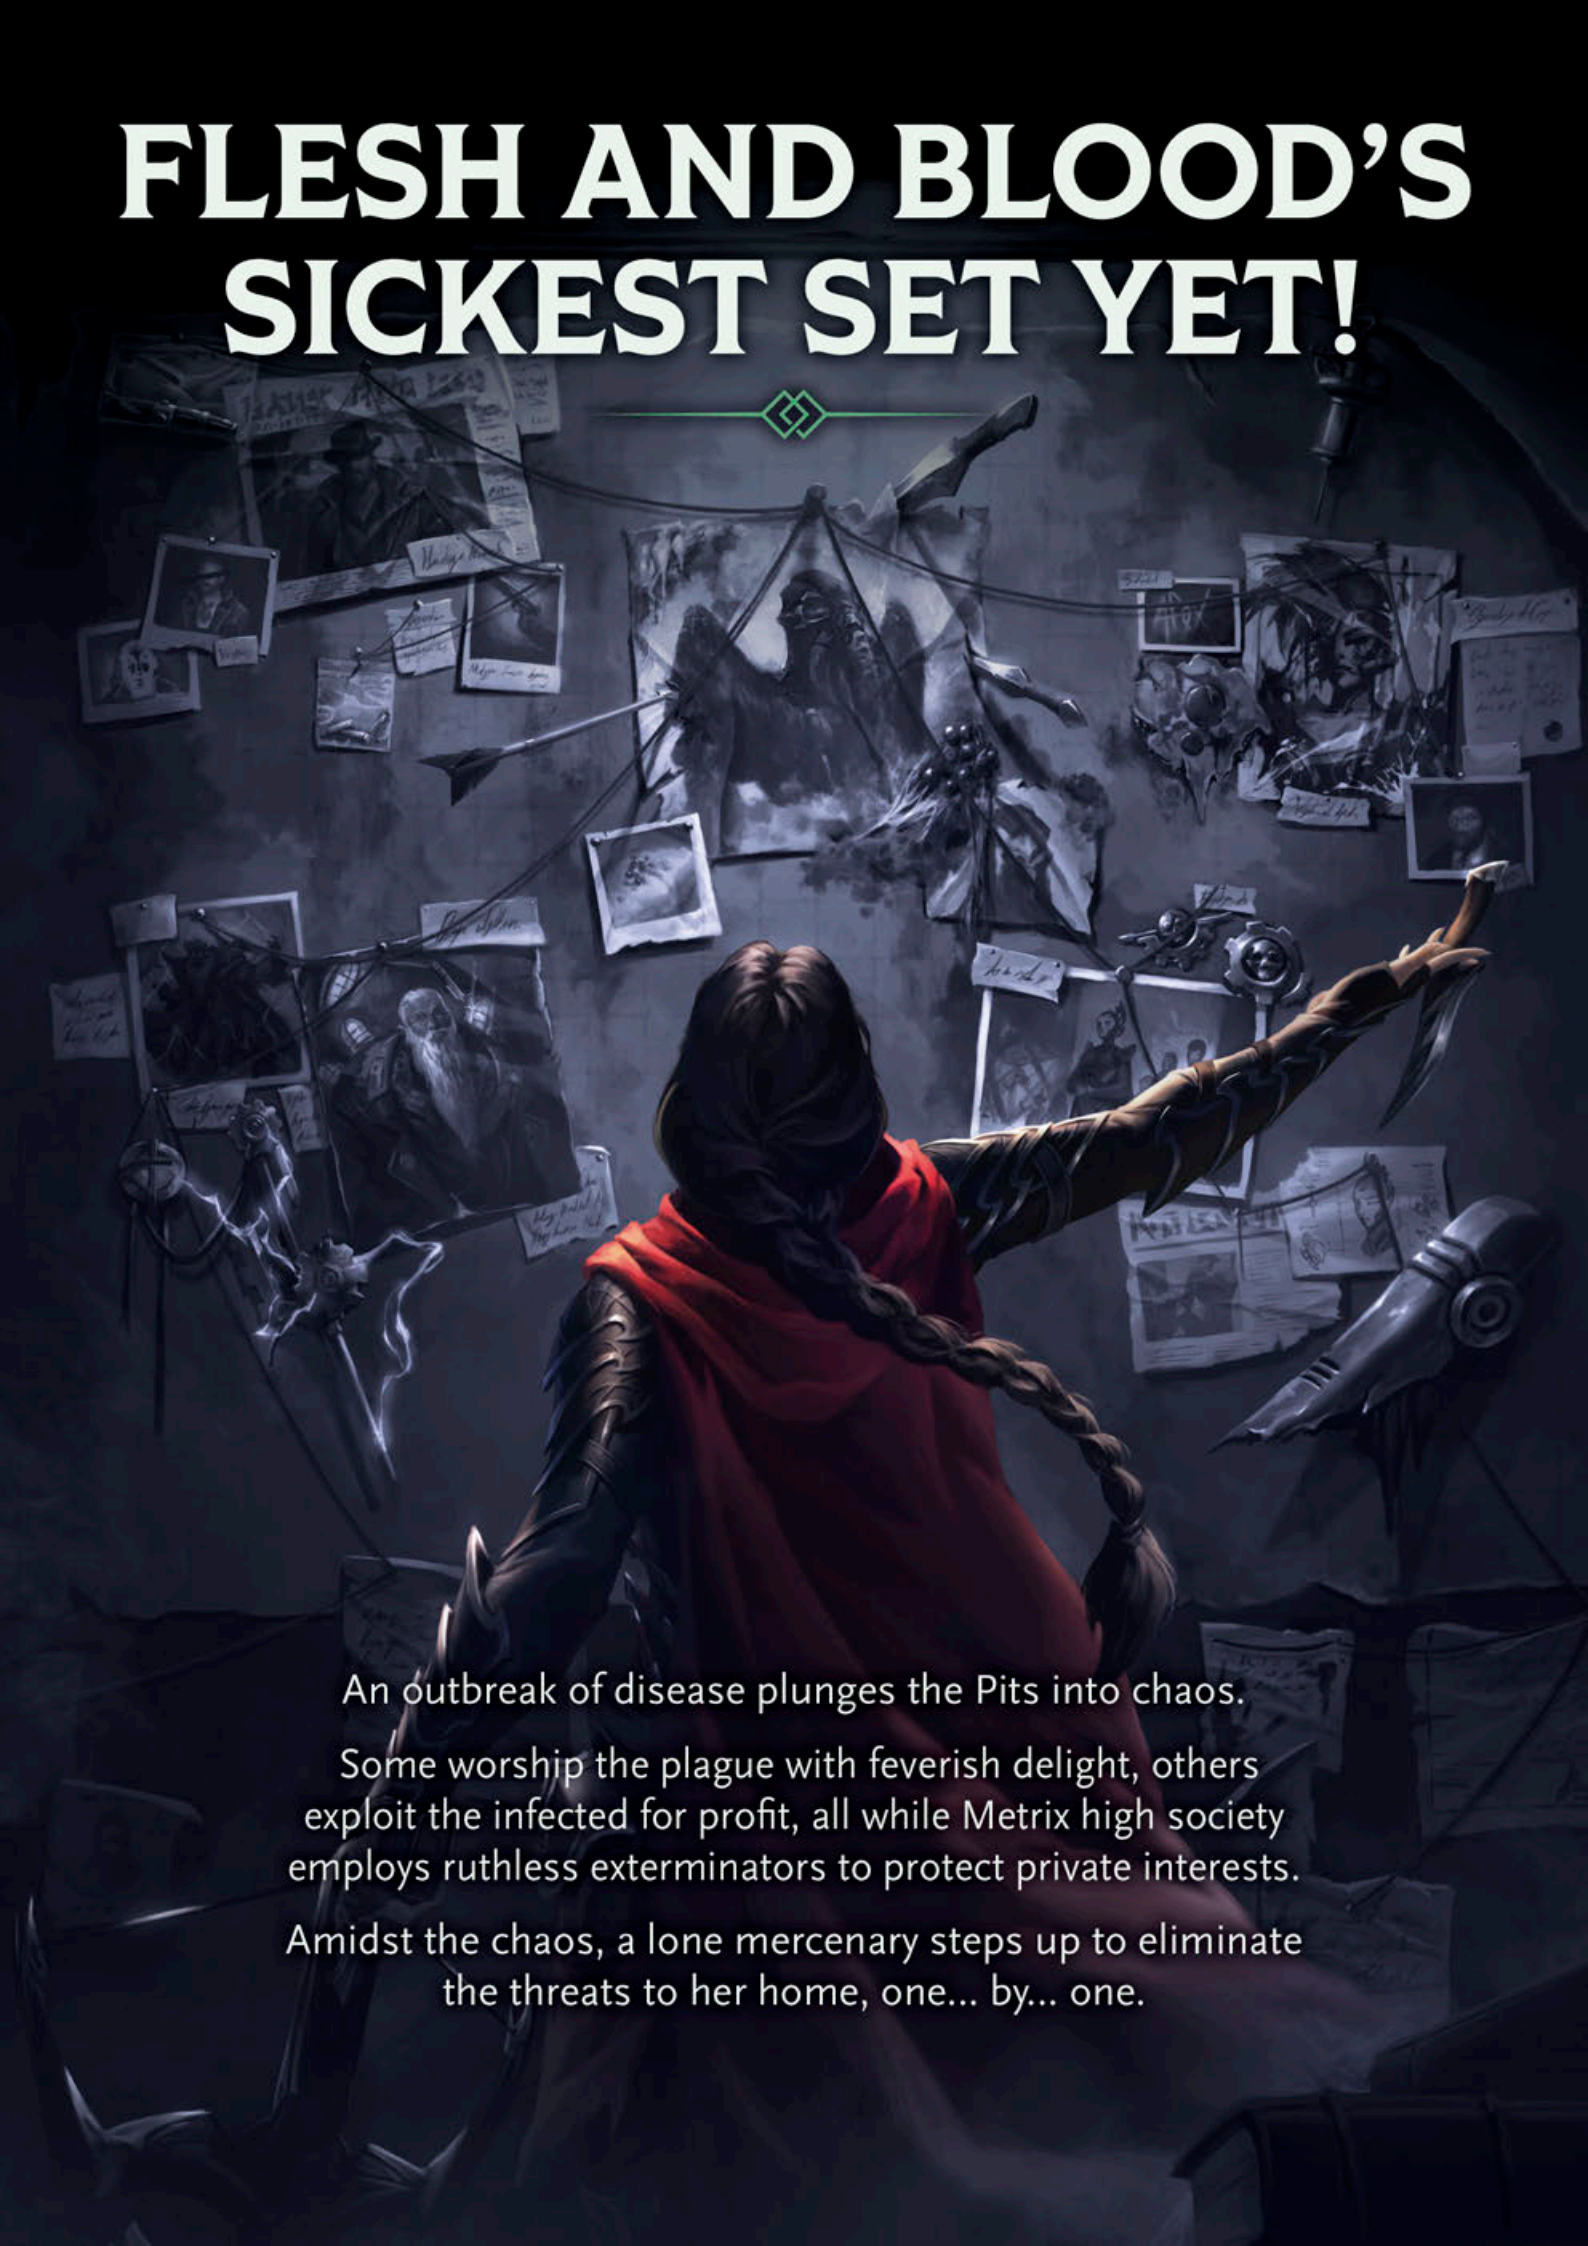
FLESH AND BLOOD'S SICKEST SET YET!



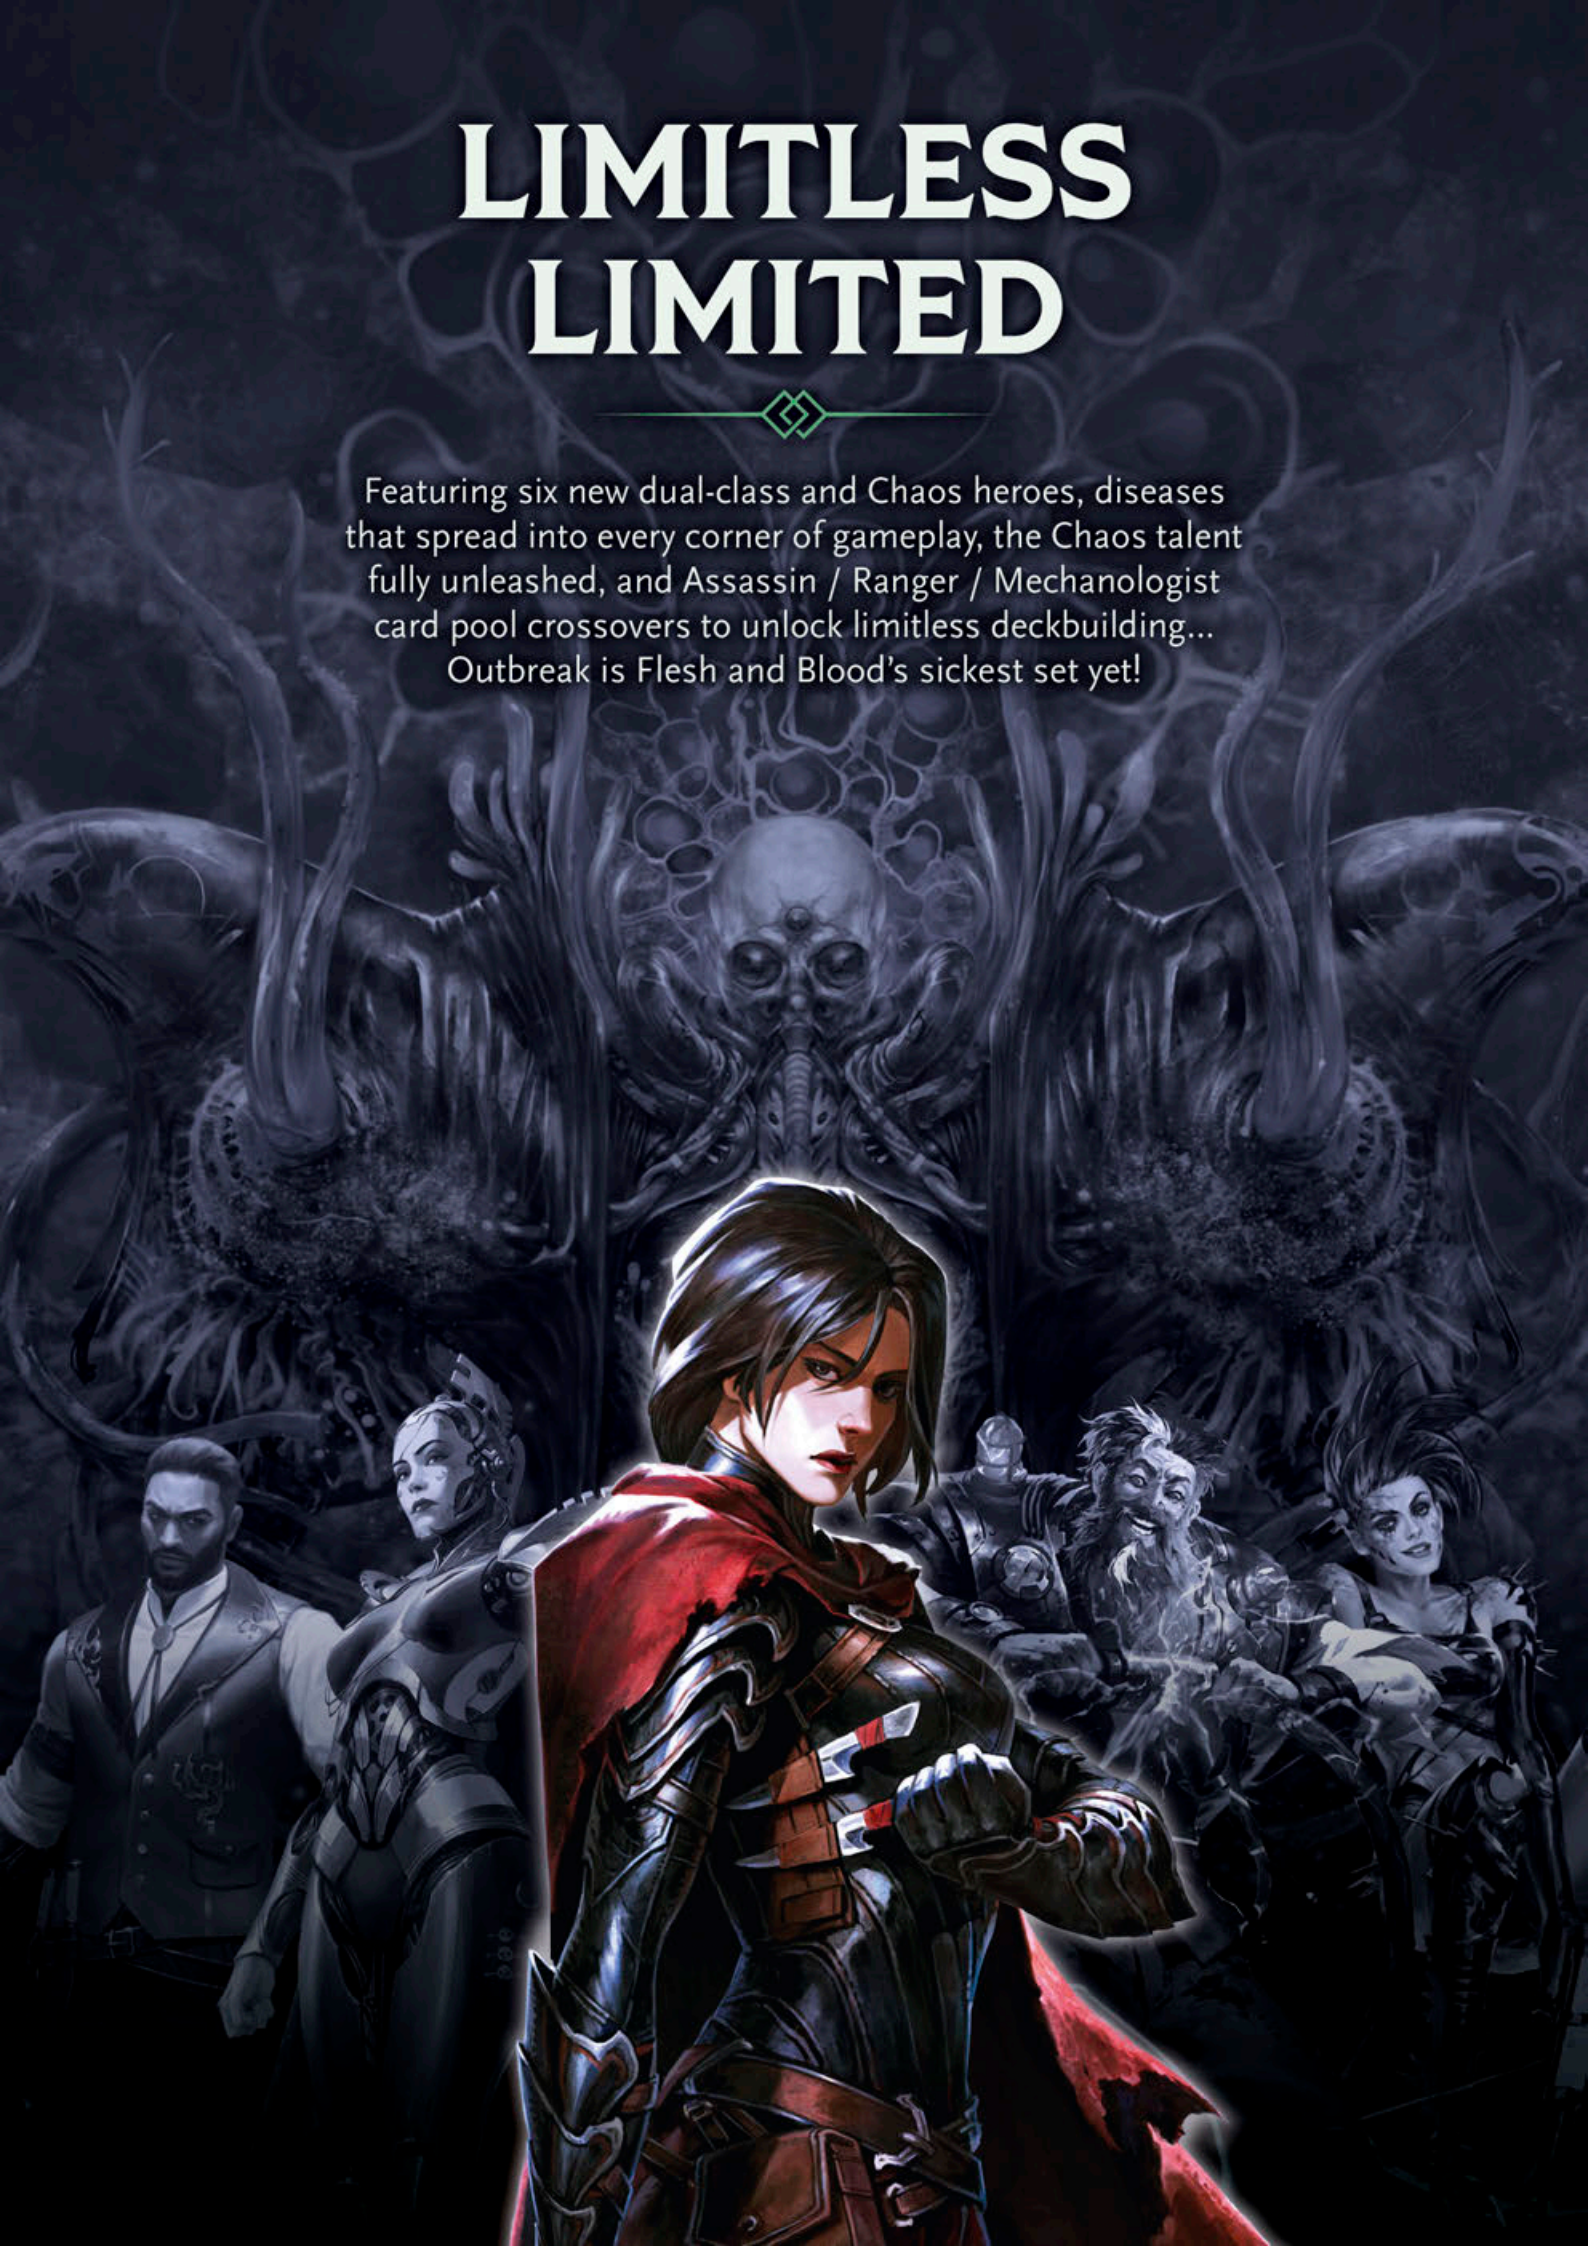
An outbreak of disease plunges the Pits into chaos.

Some worship the plague with feverish delight, others exploit the infected for profit, all while Metrix high society employs ruthless exterminators to protect private interests.

Amidst the chaos, a lone mercenary steps up to eliminate the threats to her home, one... by... one.

LIMITLESS LIMITED

Featuring six new dual-class and Chaos heroes, diseases that spread into every corner of gameplay, the Chaos talent fully unleashed, and Assassin / Ranger / Mechanologist card pool crossovers to unlock limitless deckbuilding... Outbreak is Flesh and Blood's sickest set yet!



INFECTIOUS GAMEPLAY

Disease and discourse flows from Mortimer's Lab - a macro that infects every corner of limited gameplay, affecting not only choices in-game, but deckbuilding decisions as well.

EXERTION

A new disease emerges - Exertion. An intense rush of adrenaline and seratoxins, at the cost of extreme mania and euphoric delusions, that often results in the host tearing their own body apart.

AZALEA

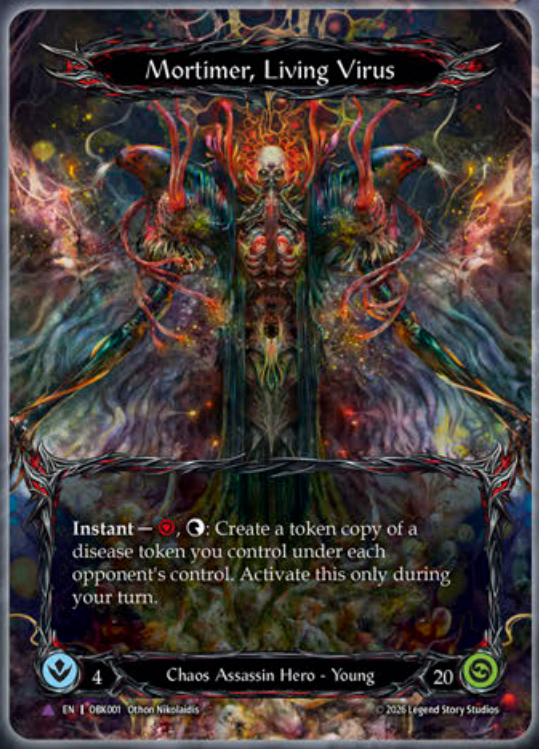
TAKE OUT THE TRASH

Determined to save her home from collapse, Azalea steps up to eliminate each threat, one... by... one.

Mortimer

SPREAD THE WORD

No longer a man, but a living virus. Disease and discourse flows from his lab into the Pits, infecting the population both literally and ideologically.



MIN

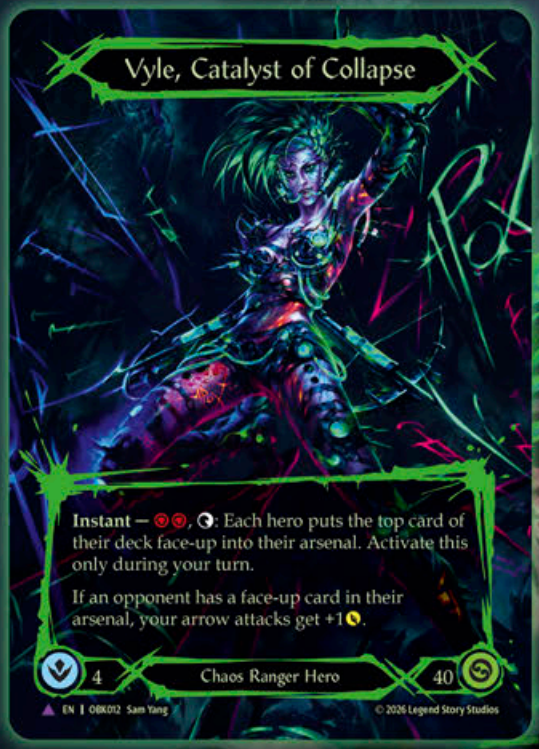
CHANGE MY MIND

Driven mad after his technology was abused to create ruthless Cogwardens, Min is split between two minds, each with its own agenda. Min, Genius invents ways to undo what his research created, while Min, Mad believes the only solution is to engineer utter anarchy.

Vyle

DANCE TILL YA DROP

Vyle's mantra - "We're here for a good time, not a long time" - is music to the ears of the jaded youth. Her super spreader parties rapidly accelerate the rate of infection, but in her mind, it's the only way to cure society's true sickness.



Huxley

CRIME WITH CLASS

A criminal mastermind in a gentleman's suit, Huxley runs a 'legitimate' business in Metrix and a racketeering outfit in the Pits. He's climbed his way up the social ladder from hustling streets to penthouse peaks, all while diluting his promise of a cure to boost profits.

α-01

SEEK AND DESTROY

Built by Min for a noble cause, now commandeered by Metrix's power brokers to protect the interests of the rich elite. The progenitor of the Cogwarden program ruthlessly hunts down, quarantines, and exterminates the infected to prevent the outbreak spreading above ground.
